TERMS AND CONDITIONS:

Includes all Safety and Savings Plan benefits plus a lifetime warranty on all products, devices, and equipment installed by our company, excluding bulbs and batteries. Any eligible product, device, or equipment that fails to perform as designed will be repaired or replaced at no additional charge for as long as your Safety and Savings Plan™ is in good standing. Failure of fixtures through abuse, misuse, neglect, vandalism, fire, flood, or earthquake will not be covered. The results of ordinary wear and tear such as scratches or finish blemishes will not constitute cause for replacement.

In order to ensure trouble-free operation of eligible products, devices, and equipment, we must thoroughly inspect your home's entire electrical system on our initial visit. Afterward, we will need to inspect your electrical system at least once every eleven months. During this visit, our technician will make any necessary adjustments, repairs, or replacements of eligible products, devices, and equipment—at no cost to you.

Installations must comply with all local codes. Other conditions may be required for eligibility as determined by our technician. Maintenance or alteration of eligible products, devices, and equipment by anyone other than our company will void warranty.
